

Are you currently in need of child care?

With the new Canada-Wide Early Learning and Child Care Plan you'll pay 53% less for licensed child care in 2023. For example, the average cost of quality child care for a toddler will be \$32/day starting in January.

Even if you do not need child care right now, you should still get on a waiting list to save your spot.

Choose licensed child care

Licensed child care is a good choice because licensed programs are monitored. In a licensed child care program, your child will be cared for by child care professionals who are trained to help your child learn and grow.

Enrolling your child in licensed child care will help their brain to develop, get them ready for school and prepare them for success in life.

Find child care near you

To find quality child care programs in your community, visit [InfoPeel.ca](https://www.infopeel.ca) or call **905-890-9432**.

Get help paying for child care

If you need help paying for child care, you may be eligible for a child care subsidy. [Learn how to apply](#).
